

# Super Aspid B

## 14 HP Gasoline Hydraulic Power Pack

The Super Aspid B compact and lightweight portable hydraulic power pack for use with all DOA hydraulic hand tools and with the SP 20 submersible trash pump.

- Equipped with both battery and recoil start
- Provides 7.5 gal/minute at 2000 psi
- Sturdy chassis of stainless steel

The small size and light weight of the Super Aspid make it ideal for utility and road maintenance or for emergency service vehicles. The hydraulic oil system has a dedicated fan and cooler to allow continuous operation in the most demanding service.
